I'm a Senior Software Engineer with 10+ years of experience building high-performance, scalable web applications. My expertise is in Ruby on Rails, API and system designs, and cross-functional collaboration. Additionally, I have deep domain expertise in Ecommerce, Accounting, Multimedia, Ads, and Web Security. In a former life, I worked as a performing musician which I continue to do as a hobby.

WORK EXPERIENCE

Liscio 03/2023 - Present Senior Software Engineer
